## 2016 Price Survey Methodology

**The mission of People’s Memorial is to enable all consumers to choose final arrangements that are consistent with their values and within their budget. Keep in mind that price is one of many factors to consider in selecting a funeral home. You should also consider the reputation, quality and ownership of the business, how long they have been in business as well as whether they offer facilities, products and services that are right for you. One factor that can cause actual prices to be much higher than what is quoted is whether or not a business will try to upsell you. Ask family, friends, social workers, attorneys and clergy for their recommendations of reputable funeral providers. Visit the funeral home yourself and talk to the staff, to get your own impressions. Trust your gut. As the saying goes “If something seems too good to be true, then it probably is.”**

In compiling data for the 2016 funeral home price survey, volunteers with the PEOPLE’S MEMORIAL Association searched for all Washington state funeral homes that handled at least 10 or more cases in 2015 as reported by the Washington State Department of Health.

The methodology consisted of:

1. Searching for a website for each funeral home
2. Noting if the funeral home did or did not have a website.
3. Looking for the GENERAL PRICE LIST or other pricing for 3 common types of final arrangements.
4. Recording the prices on a standardized worksheet.
5. Emailing the funeral home for pricing if the GENERAL PRICE LIST or the prices were not available.
6. Noting how and if prices were obtained.

Our goal was to calculate the minimum “out the door” price for these services at each funeral home.

This 2016 Survey is the most comprehensive by far. Out of 245 funeral homes handling at least 10 cases, PMA volunteers reached out to nearly 200. Some funeral homes are owned by small local groups or by Service Corporation International/Dignity Memorial while most are independently owned. This survey included 173 funeral homes.

While all funeral homes are required to comply with the Federal Trade Commission’s Funeral Rule of 1984 regarding disclosure of costs, the reality is that some price lists are more complete and readable than others. If it was unclear whether costs such as refrigeration, after-hours removal or crematory fee were included in package prices, we added them into the total we used for comparison purposes. For calculating the cost of direct burial or a complete funeral service we included the price of a simple cloth-covered casket, if offered or otherwise noted that the casket cost extra. A funeral establishment may change its prices at any time and the actual price you pay for services and merchandise at any of these funeral homes may vary.

For comparison purposes, the descriptions of the services and merchandise included in each of the three plans compared in this survey are as listed below. Included in the cost calculation for each of the three plans are the following:

**Basic Services: 1)** Removal of the deceased 24 hours a day from either a home or health care setting and delivery to the funeral home within a service area of no more than 30 miles; **2)** Arrangements conference with the survivors; **3)** Filing of necessary permits and death certificate; **4)** Procuring death certificates for family, securing veteran’s flag and interment rights at veteran’s cemetery; **5)** Sheltering and refrigeration of the body for at least 3 days; **6)** Non-declinable fee for funeral home overhead.

### **Direct Cremation:**

Basic services listed above, plus: **1)** delivery of the body to the crematory (if not performed onsite); **2)** the cost of the actual cremation; **3)** basic alternative cremation container; and **4)** basic plastic urn to hold the cremated remains for pickup by survivors.

**Direct Burial:**

Basic services listed above, plus: **1)** minimum cloth covered casket or; **2)** preparation of the body; **3)** delivery to a local cemetery for burial at an unscheduled time. No ceremonies are included.

**Full Funeral Service:**

Basic services listed above, plus: **1)** minimum cloth covered casket; **2)** embalming, dressing, cosmetology, and casketing; **3)** ½ day visitation and chapel service at funeral home, Monday thru Friday during regular business hours. Also included are **4)** handling of flowers; **5)** delivery of casketed remains to a local cemetery, but not a procession or graveside ceremony.

The cost calculations were reviewed by staff of PEOPLE'S MEMORIAL Association and the final worksheet was emailed to each funeral home for verification. Our staff and volunteers have made a good-faith effort to assure that these numbers are accurate and comparable; however we cannot guarantee that the actual price you would pay at any of these funeral homes is exactly as listed on the price survey. The price survey is a starting point to help you make funeral arrangements that are consistent with your values and beliefs as well as within your budget.
